Extract from the Proceedings of the Lieutenant-Governor of Bengal, in the Public Works Department, Miscellaneous Public Improvements, under date the 17th November 1876.

WORKS OF PUBLIC UTILITY CONSTRUCTED IN 1874.

Read a statement showing works of public utility constructed by private individuals in the several districts of Bengal during the year 1874.

Read also the statement of works of public utility constructed by private individuals during the year 1873, which was published by the Scarcity and Relief Department, with that Department's Resolution, dated the 4th September 1874, in the *Calcutta Gazette* of the 16th idem.

REMARKS.—The statement of works of public utility constructed by private individuals during the year 1874 may be classified as follows:—Roads, bridges, embankments, irrigation and drainage channels, tanks and wells, masonry ghats, charitable dispensaries, staging bungalows, and serais.

2. The number and cost of the works done during 1874, as compared with former years, are given below—

Years.	Number of works.	Amount.
1871	46	54,800
1872	69	80,600
1873	163	1,69,715
1874	847	5,00,592

3. The number of works that have cost Rs. 500 and upwards, as compared with former years, are as follows:—

Years.	Number of works.
1871	24
1872	38
1873	68
1874	348

4. The number of works that have cost less than Rs. 500 in the year 1874 are 499 in number, which is very large as compared with the three previous years, as shown below:—

Years.	Number of works.
1871	22
1872	31
1873	95
1874	499

5. It is remarked that works constructed in the districts of Mozufferpore, Durbhunga, and Chumparun are not included in the returns submitted by the Commissioners, from which it would appear that relief works, or works done at the cost of private individuals during the late scarcity, have been omitted.

6. The following will show the number of works and the aggregate sums of money expended by private individuals in each district:—

Name of district.	Number of works.	Total cost. Rs.
Burdwan	2	9,230
Bankoora	1	900

7. The Maharajah of Hutwa has been the most liberal contributor towards these works, 264 works, aggregating Rs. 76,240, having been constructed at his expense, and next to him the Maharajah of Cooch Behar, who has contributed Rs. 23,325 for 25 works. The largest sum, however, for any single work was given by Baboo Jadoo Nath Khan in the Nuddea district, he having paid Rs. 18,000 for excavating a tank at Birnaghur in the above district. The next largest sum was paid by Baboo Jadub Chunder Ghose, Rai Bahadoor, of Sursoona, for the construction of a ghât on Tolly's Nullah in the 24-Pergunnahs district.

8. Rs. 9,336 has been expended by the Maharajah of Hutwa for roads in the Sarun district, of which Rs. 5,563 was spent upon one road. The Maharajah also contributed Rs. 66,147 towards the construction of 239 tanks.

Five tanks were also partially excavated at an aggregate cost of Rs. 8,216. All these appear to have been works carried out during the late famine as relief works in the Julpigoree district.

10. Baboo Roy Jogendro Narain Roy, zemindar of Lalgola in Dewansera station, in the Moorshedabad district, expended Rs. 3,668 on eight miles of unmetalled road.

11. Two new roads, eight miles and two miles in length respectively, were constructed at a cost of Rs. 4,200 from funds supplied by Rajah Ram Runjun Chuckerbutty in the Beerbhoom district, and Baboo Rai Kali Narain Chowdhry, Bahadoor, contributed Rs. 2,000 for a similar work in the Dacca district.

12. Embankments were constructed in the Sarun district by Baboo Goruck Nath at a cost of Rs. 1,100, and by Baboo Ajodhea Persaud at a cost of Rs. 1,005.

13. One tank was constructed by Baboo Jadoo Nath Khan in the district of Nuddea at a cost of Rs. 18,000.

14. The Maharanee Surnamoyee spent Rs. 8,700 upon two tanks in the Moorshedabad and Rajshahye districts, and Rajah Bisseshur Malia expended Rs. 8,230 on one tank in the Burdwan district.

15. One tank was constructed by Baboo Bamun Dass Mookerjee in the Nuddea district at a cost of Rs. 7,263, and Baboo Rutton Mani Koondou also constructed one in the same district at a cost of Rs. 6,000.

17. Mr. W. Sheriff spent Rs. 4,000 on two tanks in the Nuddea district.

18. Two tanks, with masonry ghâts, were constructed in the Hooghly district by Baboo Gopal Chunder Dey at an aggregate cost of Rs. 4,000.

19. The following persons have expended sums aggregating between Rs. 4,000 and Rs. 3,000, on six tanks :—

Baboo Sreedhur Sahee in the Sarun district, and Baboo Kowar Poresh Narain Roy in the Rajshahye district.

20. Eleven persons have expended between Rs. 3,000 and Rs. 2,000 on tanks in different districts, 86 persons sums varying from Rs. 2,000 to Rs. 1,000, and 200 persons have contributed sums varying between Rs. 1,000 and Rs. 500 towards the same purpose.

21. Baboo Nundololl Misser has expended Rs. 1,200 on the construction of wells in the Bhagulpore district. Various sums under Rs. 1,000 have also been spent on wells by other contributors.

22. Seventeen pucca ghâts to tanks have been built by several persons in various districts at an aggregate cost of Rs. 31,092. Baboo Jadub Chunder Ghose, Rai Bahadoor, of Sursoona in the 24-Pergunnahs district, having built one on Tolly's Nullah, at old Tollygunge, at a cost of Rs. 10,000.

23. Two charitable dispensaries have been built—one at Balasore in the Orissa district, by Baboo Shama Churn Dey, at a cost of Rs. 1,200, and another in the Dacca district, by Khajah Ahsanollah, at a cost of Rs. 1,000.

RESOLUTION.—The Lieutenant-Governor is much pleased to find that there has been so great an increase both in number and cost of these valuable works.

The Commissioners of divisions have not made any remarks regarding, nor have they assigned any reasons for, the very large increase which has been noticed; but the Lieutenant-Governor has no doubt that this large liberality has been evoked by the circumstances of the scarcity in 1873-74. His Honor has felt much gratified at finding that in a time of so great distress such a large number of the wealthy and well-to-do came forward to the relief of distress by carrying out works which afforded much-needed employment to the suffering.

The usual letters of acknowledgment on the part of the Government in regard to the liberality of those who have executed important works will be issued; and it has afforded His Honor much satisfaction to be able to direct the issue of so many letters, and to be able to notice prominently in this review the names of so many native gentlemen, and the liberality which has been so marked.

ORDER.—Ordered that a copy of this Resolution, and of the statement, be forwarded to all Commissioners of divisions, to the Commissioner of Chota Nagpore, to all Superintending Engineers of Public Works Circles in Bengal, and to the Board of Revenue, Lower Provinces, for information.

Ordered also that a copy of this Resolution, and of the statement, be forwarded to the Revenue and Judicial Departments of this Government respectively, and to the Irrigation Branch of the Public Works Department of Bengal, for information.

By order of the Lieutenant-Governor of Bengal.

The following are the conditions of sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertized for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertized shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be

re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 300 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1875-76, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1877, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication

of this notification. If the Agent of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 48,000 chests of

Behar	...	...	Chests. 25,000
Benares	...	...	23,000
Total			48,000

Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

The loan is required for the following purposes:—

	Rs.
I.—The increase and improvement of water-supply of Darjeeling, which is insufficient for the purposes of the station during the four months of the year, by constructing near the cutcherry a reservoir to contain 55,000 cubic feet of water, according to the revised plan submitted by the Superintending Engineer, Northern Circle, with his letter No. 2814, dated 23rd October 1876, at an estimated cost of	29,293
II.—The extension and improvement of the present drainage, as follows:—

(2) The construction of two small drains at the Bazar Jhara, as proposed in the second part of Mr. Smith's Appendix E, at an estimated cost of ...	500
(3) The improvement of Beechwood Jhara, as proposed in Mr. Smith's Appendix E (third part), at a cost not exceeding...	2,631
2. The amount of loan now applied for is Rs. 40,000.	
3. The security offered for the above loan will be as follows:—	

	Rs.	A.	P.
I.—Proceeds of house tax, estimated to yield ...	5,784	12	0
II.—Horse and pony tax	600	0	0
III.—Rent of locations	4,684	0	0
IV.—Bazar rents	13,000	0	0
V.—Native village rent	1,300	0	0
VI.—Pound fines	500	0	0
Total	25,868	12	0

4. The house and horse taxes are levied under Act V of 1876.

The rents of locations, with which those of native villages are to be classed, were first assigned to the use of the sanitarium in 1838. This was confirmed by orders of Government passed in 1854, again in orders No. 217 of the 14th January 1864, and finally in the resolution of the Government of Bengal, dated 27th June 1873.

The bazar rents are derived from buildings erected by the municipality out of its revenues, and situated on land made over to it by Government.

The pound fines were made over to the municipality under orders dated 14th October 1862, contained in letter No. 3625, from the Under-Secretary to the Government of Bengal to the Superintendent of Darjeeling.

5. It is proposed to pay back the loan in 20 years by equal half-yearly instalments of Rs. 1,000, or Rs. 2,000 per annum. In this manner the payments would be made within 20 years, as provided in clause d, Rule X of the rules of the 15th October 1873.

6. It is not possible to give the details required for the three years last preceding, as the limits of the municipality were much reduced in the beginning of the year 1874-75, and the sources of income, as well as the objects of expenditure, were so much affected by this change, that any attempt at comparison with former years would be deceptive.

The following table shows proceeds of the various sources of municipal income in 1874-75 :—

	Rs.	A.	P.
House tax	5,028	8	4
Horse tax	579	0	0
Bazar rents	11,732	4	3
Rent of locations	4,484	8	0
Rent of native village	1,231	11	5
Pound fines	229	13	0
All other sources, viz. hospital subscriptions, sale of garden produce, &c.	4,583	2	7
Total	27,868	15	7

The expenditure during the year was Rs. 27,494, out of which Rs. 700 consisted of recoverable advances, and Rs. 1,583 was a contribution to a work outside the new limits of the municipality.

7. The value of bazar buildings, &c., is about Rs. 1,50,000.

8. There are no existing prior charges upon any of the sources of income above enumerated.

7. The Maharajah of Cooch Behar's estate has in a similar manner expended Rs. 2,351 on eight roads, and the Commissioner remarks that the Maharajah has paid Rs. 10,000 for roads in his estate, of which Rs. 7,649 are in hand.

8. Baboo Isan Chunder Roy, zemindar of Kaitollah, has constructed a road in the Tipperah district at a cost of Rs. 1,800.

9. Twelve bridges have been constructed at an aggregate cost of Rs. 3,03,153. Of this sum, Rs. 3,02,753 has been expended on 11 bridges by the Court of Wards from funds belonging to the estate of the Maharajah of Durbhunga.

10. Five embankments have been constructed at an aggregate cost of Rs. 4,610. Of this sum, A. Hills, Esq., in the Nuddea district, has provided Rs. 1,281; Baboo Nafur Chunder Pal Chowdry, of Natudoba, has contributed Rs. 1,264; Rs. 1,125 has been expended jointly by Messrs. Sherriff and R. de Dombal, and Rs. 950 by other gentlemen.

12. Rs. 52,767 has been spent upon 84 tanks. Of this sum, Rs. 3,000 was expended by Hajee Mahomed Eshahuk, of the Hooghly district, six persons have each contributed Rs. 2,000 for the construction of tanks in various districts, and ten persons have each contributed sums varying from Rs. 1,000 to Rs. 2,000.

13. A refreshment room for the boys and teachers of the school at Comillah, in Tipperah, has been constructed at a cost of Rs. 500.

RESOLUTION.—The Lieutenant-Governor remarks that, although the number of these valuable works of public utility constructed in 1875 is not nearly so great as in the two previous years, the number shows a decided increase over the numbers previous to 1873, during which and the succeeding year the native gentlemen of Bengal contributed so much more than usual in order to mitigate the then unhappily prevailing distress. Making allowance for the large expenditure by the Maharajah of Durbhunga on the emigration roads to Assam, which were commenced as relief works, the amount expended would appear to have been about the same as the expenditure in 1872, and considerably more than that in 1871. His Honor has pleasure in noticing the increased number of works which have been carried out during the year.

Letters acknowledging on the part of the Government the liberality of those gentlemen who have constructed the more important of these works will be issued in the usual manner, and it again affords the Lieutenant Governor much pleasure to be able prominently to notice the names of many gentlemen in this review.

ORDER.—Ordered that a copy of this Resolution and of the statement be forwarded to all Commissioners of Divisions, to the Commissioner of Chota Nagpore, to all Superintending Engineers of Public Works Circles in Bengal, and to the Board of Revenue, Lower Provinces, for information.

Ordered also that a copy of this Resolution, and of the statement, be forwarded to the Revenue and Judicial Departments of this Government respectively, and to the Irrigation Branch of the Public Works Department of Bengal for information.

By order of the Lieutenant-Governor of Bengal.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be

re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertised for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1875-76, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1877, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication

of this notification. If the Agent of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 48,000 chests of

Behar	...	...	Chests.
Benares	...	...	25,000
			23,000
Total	...	...	48,000

Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

By order of the Member in charge.

II.—The extension and improvement of the present drainage, as follows:—

(2) The construction of two small drains at the Bazar Jhara, as proposed in the second part of Mr. Smith's Appendix E, at an estimated cost of	500
(3) The improvement of Beechwood Jhara, as proposed in Mr. Smith's Appendix E (third part), at a cost not exceeding...	2,631
2. The amount of loan now applied for is Rs. 40,000.	

3. The security offered for the above loan will be as follows :—

	Rs.	A.	P.
I.—Proceeds of house tax, estimated to yield	5,784	12	0
II.—Horse and pony tax	600	0	0
III.—Rent of locations	4,684	0	0
IV.—Bazar rents	13,000	0	0
V.—Native village rent	1,300	0	0
VI.—Pound fines	500	0	0
Total	25,868	12	0

4. The house and horse taxes are levied under Act V of 1876.

The rents of locations, with which those of native villages are to be classed, were first assigned to the use of the sanitarium in 1838. This was confirmed by orders of Government passed in 1854, again in orders No. 217 of the 11th January 1864, and finally in the resolution of the Government of Bengal, dated 27th June 1873.

The bazar rents are derived from buildings erected by the municipality out of its revenues, and situated on land made over to it by Government.

The pound fines were made over to the municipality under orders dated 14th October 1862, contained in letter No. 3625, from the Under-Secretary to the Government of Bengal to the Superintendent of Darjeeling.

5. It is proposed to pay back the loan in 20 years by equal half-yearly instalments of Rs. 1,000, or Rs. 2,000 per annum. In this manner the payments would be made within 20 years, as provided in clause d, Rule X of the rules of the 15th October 1873.

6. It is not possible to give the details required for the three years last preceding, as the limits of the municipality were much reduced in the beginning of the year 1874-75, and the sources of income, as well as the objects of expenditure, were so much affected by this change, that any attempt at comparison with former years would be deceptive.

The following table shows proceeds of the various sources of municipal income in 1874-75 :—

	Rs.	A.	P.
House tax	5,028	8	4
Horse tax	579	0	0
Bazar rents	11,732	4	3
Rent of locations	4,484	8	0
Rent of native village	1,231	11	5
Pound fines	229	13	0
All other sources, viz. hospital subscriptions, sale of garden produce, &c.	4,583	2	7
Total	27,868	15	7

The expenditure during the year was Rs. 27,494, out of which Rs. 700 consisted of recoverable advances, and Rs. 1,583 was a contribution to a work outside the new limits of the municipality.

7. The value of bazar buildings, &c., is about Rs. 1,50,000.

8. There are no existing prior charges upon any of the sources of income above enumerated.

The following are the conditions of sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertized for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertized shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 400 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1875-76, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1877, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition

for Opium within the time above mentioned, the entire quantity of about 48,000 chests of

Behar	...	...	Chests.
Benares	...	...	25,000
			23,000
Total	...	...	48,000

Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to

itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

The following are the conditions of sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertized for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertized shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale noted in the margin,

DEPOSIT.
When the amount bid is less than
Rs. 1,200 per chest, Rs. 900 per chest.
On bids of Rs. 1,200 and upwards, but
less than Rs. 1,600 per chest, Rs. 300
per chest.
On bids of Rs. 1,600 and upwards, but
less than Rs. 2,000 per chest, Rs. 400
per chest.
And so on, Rs. 100 being added to the
deposit for every bid additional, to the
extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be

re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the

subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1875-76, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1877, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 48,000 chests of

		Chests.
Behar	...	25,000
Benares	...	23,000
Total	...	48,000

Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."
